PARKING ORDINANCE IS MUCH DISCUSSED

IS PRINCIPAL TOPIC OF CONVERSATION ON MARYVILLE STREETS

MORE OPINIONS GIVEN

Several Persons Interviewed Today Regarding Advantages of Curb and Center Parking of Cars

Do you believe in center or curb parking?

This seems to be the principal topic of conversation on the streets of Maryville.

In order to get further opinions of the proposition, a Democrat-Forum reporter interviewed several business men this morning, regardless of whether they are for or against a change in the present parking ordinance.

The following opinions are given:

L. C. Cook, lawyer: "Safety on the Maryville streets is to be maintained in two ways. By keeping the fewest pedestrians off of the streets and in keeping the car lanes free from obtacles which block the passage and result in traffic congestion. In curb parking you have the advantage over center parking in both of these problems.

"When a man drives his car to town, under the present system he parks in the center of the street, and the occupants of the car must walk across the car lanes in order to reach the street. When they are through shopping they must again cross the streets to get to their cars. If the ordinance was changed the man would park his car at angle to the curb and would step from the car to the walk without fear of danger from passing cars.

"Again, in center parking more cars block the traffic lanes than would under the curb parking system. The biggest objection to the success of center parking is the stopping of cars in front of the stores and thus completely blocking the streets. At one corner in this town, there is always two or three cars parked along side the curb leaving a bare passage for the cars passing down Main street. It would be possible under curb parking to prevent all of this congestion. The car would park along the front of the store which he would wish to trade with. When finished, he could back out and continue down the street, while the cars passing along the street would not be interfered with.

H. L. Raines, of Raines Jewelry store: "I am in favor of the present center parking plan. It seems to me to be much safer to the pedestrian when he is crossing the street. When he starts across he has only to look to the left to cross the first car lane. Then he reaches the safety zone in the center of the street, he then looks to the right for on-coming cars. The center parking system is safe to the car driver except when he is backing out. This could be avoided if they used the same system as has been adopted in Iowa. The cars go out front wards instead of backing out. By this way the traffic is always going one direction. If a person should wish to turn around he must go to an intersection and make the turn instead of backing and turning around like they do to a large extent in Maryville."

Wm. G. Sawyers, lawyer I am in favor of the present system for the reason that the drivers and pedestrians are now acquainted with the present ordinance of governing the same. Second, because of the narrow streets, which cannot be changed now. The streets are far too narrow to accomodate a row of parked cars on each side of the street. Third, no plan can be adopted which would be entirely satisfactorily and meet all of the objections. Fourth, the present plan accomodates as many cars with as little danger as any that has ever been tried or suggested."

H. B. Cushman, music dealer. "The streets of Maryville were laid out before the days of automobiles and consequently are not wide enough to suit the present needs. Maryville, on Saturday nights cannot accomodate all the farmers who drive to town and wish to park their cars. I would think it would therefore be advisable for the merchants to purchase, or rent, a lot close to the business district for parking space. The farmers could then park their cars in a safe place and for a nominal sum. In this way the present traffic congestion would be relieved. I am in favor of curb parking wherever we have room and this would be possible if we had a parking grounds such as I have just suggested."

Charles M. Glothlan of Sheridan was in Maryville today.

Public Opinion is in Favor of Disarmament

National Headquarters of American Legion Receives Letters From All Over The United States

Indianapolis, Ind., Aug. 24—An international conference to limit the building of armaments is favored by United States Senators and Congressmen, according to letters made public by the national headquarters of the American Legion here today.

The letters were received in regard to the Legion's proposal to ask President Coolidge to call a conference to place limitations on the race for building large armaments.

A national referendum among persons in public life was taken in an endeavor to obtain the nation's opinion on the desirability of such a conference.

The preponderence of opinion urges the convocation of such a meeting at the earliest possible date.

SCHOLARSHIPS TO 23 COUNTY PUPILS

WILL RECEIVE FREE TUITION TO HIGH SCHOOLS

17 GIRLS REPRESENTED

Given to Eighth Grade Graduates Making Highest Grades, and are Most Deserving to Scholarships

Twenty-three boys and girls will attend high schools in Nodaway County as a result of winning scholarships offered by the various schools of the County.

Each year, the high schools offer scholarships to the eighth-grade graduate making the best grade and is most deserving to receive the scholarship. This scholarship provides free high school tuition from one to four years.

This year, seventeen girls and six boys received the honors and they will attend the high schools without the payment of tuition.

The names of the winners and the high schools they will attend are as follows:

Scholarships

Maryville High School—John Smith, four years.

Hopkins High School—Thelma Ulmer, two years; Mildred Dowling, one year.

Conception High School — Petrina Pfeiffer, two years; Gladys Pfeiffer, one year.

Barnard High School—William Hartman, four years.

Elmo High School—Cleo Pruitt, two years.

Burlington Junction High School—Mary Penny, one year.

Parnell High School—Lottie Hantze, two years.

Pickering High School—Ruby Baldwin, two years; Christina Kysar, one year.

Graham High School—Harold Smith, one year; Louise Gex, one year.

Guilford High School—Edith Nelson, one year.

Estimate Bandits Took Many Liberty Bonds

Allen Johnson, Chief Postoffice Inspector, Says That Train Robbers' Loot Was $20,500

Kansas City, Aug. 24—Loot obtained by the bandits who, early Tuesday, held up and robbed a Katy passenger train near Okesa, Okla., and escaped with valuable mail, will total in the neighborhood of $20,500, it was announced here today by Allen Johnson, chief postoffice inspector of this division.

Johnson previously had estimated the loss at only about $500.

"We have checked up and found that approximately $20,000 in registered Liberty bonds were taken in addition to the $500 in currency," Jackson said.

A complete check of the loss, which is necessarily slow in being made, revealed a great loss in currency, Johnson added.

Twelve men and one women are being held in Pawhuska in connection with the robbery. So far, none of the loot has been recovered.

MISS B. A. GOODSON SUED FOR $35,000

FORMER MARYVILLE WOMAN DEFENDANT IN DAMAGE SUIT

WAS A LOAN DEALER

Railroad Man, Who Lost Job, Files Against Woman Who is Under Arrest in Kansas City

The Kansas City Journal today had the following about a damage suit being filed against Miss B. A. Goodson, a former resident of Maryville:

Shunned by all the railroad companies in the country when he made an assignment of his unearned wages to an alleged woman loan shark, William Buck, 1723 Dodd avenue, Kansas City, Kas., formerly engine foreman for the Frisco railroad filed a $35,000 damage suit yesterday afternoon in the circuit court against Miss B. A. Goodson, 3620 the Pasco, manager of the Inter-City Finance association, 507 Reliance building.

The suit is the first of its kind filed in Jackson county.

Mr. Buck asks for $25,000 actual damages and $10,000 punitive damages. He had been in the employ of the Frisco railroad sixteen years.

According to the petition, the Inter-City association, headed by Miss Goodson, made the first of a series of small loans to Mr. Buck. For thirteen months, according to the petition, he borrowed money at illegal and usurious interest.

"At times," said Edgar J. Keating, attorney for Mr. Buck, "the interest ran from 20 to 30 per cent a month. The only security they accepted from him was assignment of his unearned wages.

"Of course," continued Mr. Keating, "the assignment of unearned wages is illegal, but they gave no thought to that.

"Safe in the idea that Buck would not say anything to his employers, they gouged and gouged—then the "blow-off" came. The loan company notified the Frisco railroad of Buck's assignment contract with them, and he was fired."

According to railroad officials, it is an "unwritten law" that dates back to the time the first box car was coupled, that when a railroad man assigns his wages he loses his job.

"But there was more than the mere loss of his job that caused this suit to be filed," said Mr. Keating.

"Not a railroad company will hire my client. His $250 a month job is a dream of yesterday, his sixteen years' seniority rights a pack of discards, and his chance for a pension at the end of twenty years' service scrapped. He now is without a job."

The petition states that Mr. Buck became foreman in the local roundhouse after sixteen years of continuous service and that during these years he acquired valuable seniority rights which gave him the privilege of demanding certain positions.

Bill Mapel Completes His Chautauqua Tour

William Mapel who has been out on a Chautauqua tour all summer will arrive in Maryville next Monday night for a few days visit here before going to Jamesport to visit his parents, the Rev. and Mrs. Frank Mapel. Mr. Mapel intends entering the State University this fall to take the journalism course. In a letter to the Democrat-Forum from Coal City, Ill., Mr. Mapel writes as follows:

"The prodigal returns. My career as an actor ends day after tomorrow in Chicago and after making some fifty thousand people laugh this summer (mostly from derision) I am coming back to Gods country.

"If everything pans out correctly, we are leaving Chicago Sunday morning at 5 p. m., via automobile, and, believe me Xantippe, we are going to burn up the road to Omaha, so if I'm lucky I will reach Maryville the night of the 27th.

"We are up around the lakes now and it is regular Missouri November weather.

"If anyone ever tries to persuade any of you that the life of talent on a chautauqua circuit is heavenly hash you tell them that their education has been sadly neglected. It's lots of fun most of the time but oh the rest.

"I understand that the Maryville chautauqua was a success. I am glad of that. Needless to say I am quite familiar with the efforts of chautauqua folk to make the program go over big."

Strayed Or Stolen

Two men, both very old, with long, gray whiskers. Their initials are Fred W. Smith and Jack Clarence Pennington.

If found, or heard of anywhere from coast to coast, please notify Sheriff Steve Roach, or return to Mrs. Fuquay and Mrs. Jack Pennington.

A reward of 35 cents per head is offered.

BULLETIN

First information from the two lost citizens of Maryville came at a late hour this afternoon.

They were at Lucerne, Mo., about 125 miles east of Maryville.

They left that place before they could be intercepted.

ENTRIES FOR FETE AT SWIMMING POOL

MANY WILL TAKE PART IN CONTESTS TO BE HELD THIS EVENING

1,000 SEATS PROVIDED

Will be Plenty of Room—Band Will Give Concert at the Pool—Auspices of Twentieth Century Club

Everything is now in readiness for the opening race of the Water Fete to be held at the Aley Sanitary Swimming Pool this evening. The Maryville band will be on hand to liven things up with their martial airs. F. P. Reuillard says that Arch Frank is going to get the jolt of his life when he pushes him into the water in the jolting contest this evening. Ed Keck and Cork Allen, the respective pilots for the jolting gladiators will demonstrate their ability at handling the rafts, and vouch for the fact that neither one will be outmaneuvered.

The amphibians who will be present claim that they will make short work of the duck in the duck chasing contest, but some of the rest of us are of a different opinion. All the divers have completed their practicing, and expect to show their friends some very fine work.

Arrangements have been made for two entrances at the gate, so those having already purchased tickets can pass on through; thus eliminating any congestion. Plenty of seats have been provided for everyone.

The following is the order of events and the various entrants. It is suggested that you clip out this program, and take it with you.

Swimming race, boys under 16—G. Malotte, C. Craig.

Girls under 16—Katherine Chandler, Leola Miller, Virginia Belle Dean, Eva Margaret Frank, Lucile Snyder, Shirley Grant.

Boys race, under 12—Ivan Brewer, Stanley Ford, Kirby Bovard, Wm Padgette, Charles Aley.

Married womens race—Mrs. W. J. Montgomery, Mrs. B. M. Chandler, Mrs. Allie Brewer, Mrs. Wm. F. Phares.

Demonstration of swimming strokes

Dead man's float and breast stroke, side stroke—Mrs. B. M. Chandler, Miss Thelma Tobin, Mrs. T. Wadley, Miss Marie Chandler, Mrs. Wm. F. Phares, Mrs. W. J. Montgomery, Mrs. Allie Brewer, Mrs. L. M. Eek.

Walking the greased pole—open to all contestants.

Girls race, under 12—Mary Jackson, Jeane Arnold.

Tub race—Morris Chick, Eldon Dow

Jolting contest—Arch Frank, W. A. Allen vs. F. P. Reuillard and Ed Keck.

Girls over 16—Marie Chandler, Alsamene King, Opal Hantz, Marie Woods, Thelma Tobin, Ora May Condon.

Duck chasing contest—free for all, one that catches the duck takes it home.

Fat man's race—Will Toel, F. P. Reuillard, Arch Frank, M. L. Beattie.

Free for all swimming race, back stroke for girls.

Fancy diving, girls diving contest: Each girl is to make any three dives she chooses from any board—Thelma Tobin, Ora Mae Condon, Leola Miller, Katherine Chandler, Marie Woods, Virginia Belle Dean.

Mens diving contest: Each man is to make a front dive, a back dive, and any other three dives he may choose. All dives must be made from the middle diving board which is six feet from the water—Eldon Dow, George Murray, George Birch (Pickering), Walter Smith, Lewis Schnabel, Harold O'Banion, Jack Leeser.

Exhibition diving: Will consist of front and back jack-knife dives, half and full gainors, swan dives, back dives, hand stand dives, forward and back somersaults, both tight and layout, double dives. This diving will be done from all three diving boards, one, two feet high and one, six feet high, and one, fifteen feet high—Thelma Tobin, Babel Raines, Marie Woods, L. M. Eek, George Murray, George Birch.

High diving: This will be done from the extended ladder and will consist of both front and back diving—Walter Nixson, Jack Lieser, L. M. Eek.

Water polo: A fifteen minute game of water polo will be played with the following men taking part—Arch Frank, Ed Keck, Murray Welling, Frank Reuillard, Ed Kendall, Marc Sims, W. H. Allen, L. M. Eek, Howard Leach, Merle Seleeman, George Murray, Jack Leeser.

The following will officiate at the Water Fete:

Services for W. G. Hine Tomorrow

Funeral services for Willis G. Hine of Savannah who died early Thursday morning on a Rock Island Train between Trenton and Gallatin will be held Saturday afternoon at the M. E. Church in Savannah. The Rev. A. C. Brown, his pastor, will be assisted by the Rev. F. P. Davidson. The body will lie in state from 1:30 until 2:30 at the church.

Several Maryville people will attend the funeral.

GREAT BRITAIN TO MARK TIME NOW

POWERS ARE LINED UP JUST AS THEY WERE BEFORE

NEXT MOVE IN 2 WEEKS

Gustav Stresemann, German Chancellor, Says Teuton Government is Willing to Arbitrate—Reparation Problem

London, Aug. 24—Great Britain has decided to mark time on the reparations issue and indications are that it may be a fortnight before there is another definite move.

Belgium is supporting the French note, which leaves the powers lined up just as they were before. Italy is sympathetic to the British viewpoint.

The next move is up to Great Britain in framing a reply to the latest French reparation note.

Berlin, Aug. 24—Germany is willing to leave the right or wrong of the Ruhr occupation to an impartial tribunal, said Chancellor Gustav Stresemann in a speech to the German chambers of commerce today.

The chancellor continued:

"Our reparations payments up to date are considerably higher than we have been credited with by the Inter-Allied Reparation Commission. We are willing to submit to any impartial judges the amount paid up to date."

The American Institute of Politics estimates the total German payment at 26 billion marks, while an estimate of the German government shows that more than 42 billion gold marks have been paid."

3,000 are Killed in Battle in Morracon

Madrid, Aug. 24—Casualties of the latest outbreak in the fight in the Morracon are today estimated at 3,000—1,000 Spaniards and 2,000 rebel tribesmen. The Spanish victory is believed to have averted a political crisis. A military dispatch says that the Spaniards have collected 300 bodies of the rebels killed in the fight.

Bandits Hide in Roof of Office Building

Los Angeles, Calif., Aug. 24—After concealing themselves in the roof of a downtown building until midnight, three bandits entered a building and bound and gagged a night-watchman and then worked leisurely among the various offices. They escaped with $25,000 in loot. The robbery was the boldest here in many years.

Hopkins Defeated by Blanchard 14 to 8

Hopkins was defeated by the baseball team from Blanchard, Ia., yesterday, by a score of 14 to 8. Cunning and Carmichael were the batteries for Hopkins, and Knuckles and King, for Blanchard. About 100 persons saw the game.

Burlington Junction will play at Hopkins, Sunday.

Will Teach In Atchison County

Miss Ethel Armstrong has been employed to teach the Lincoln School in the Nishnabotna consolidated district in Atchison County for the coming year at a salary of $100 per month.

R. I. Bilby and Steph & Morgan of Nodaway County sold hogs on the St. Joseph market yesterday.

MARKS THREATERS ADDITIONAL STRIKES

SAYS BITUMINOUS MINERS MAY WALK OUT SEPT. 1

LEWIS DIRECTS PLANS

From Sickbed this Morning—President Coolidge Still Believes Coal Strike Will be Averted

Washington, Aug. 24—President Coolidge has delegated Governor Pinchot of Pennsylvania to bring the operators and miners into a new wage agreement, and avoid a strike in the hard coal fields, September 1, it was officially announced at the White House late this afternoon.

Pinchot was selected after a conference at the Executive Mansion with the new chief executive and John Hays Hammond, chairman of the United States Coal Commission.

Pinchot will leave Washington for Harrisburg late today where he will "get in touch immediately with the miners and operators," it was said.

On leaving the White House, the Pennsylvania Governor made the following statement:

"The President has been good enough to call me into conference on the coal situation and has asked me to do what I can in finding a solution. I have refrained from taking any action until I knew that it was agreeable with the President. Now I shall proceed to get into touch with the miners and operators when I reach Harisburg."

Atlantic City, N. J., Aug. 24—From his sick bed this morning, John L. Lewis president of the United Mine Workers, directed the final arrangements for a walk-out of 155,000 anthracite coal miners on September 1.

President Marks of District No. 2, the field where bituminous must be produced if the public is to be protected against a coal famine, called at the Lewis suite in the Ambassador Hotel.

Marks reiterated his promise of cooperation to the anthracite workers. He is understood to have indicated to Lewis that the men in the Pennsylvania bituminous fields are strong for a sympathetic strike.

Samuel D. Warriner, spokesman of the operators, was confidently awaiting action from Washington.

Warriner is not as enthusiastic over the avoidance of the strike as when he declared that the break in the negotiations was nothing more than a recess.

Washington, Aug. 24—Despite reports from Atlantic City, President Coolidge is still unshaken in the hope that the anthracite miners and operators by a volunteer resumption of wage negotiations will avoid the anthracite coal strike, September 1.

The executive, however, is perfecting all plans for a nation-wide distribution of the substitutes for hard coal.

The government contemplates no immediate step to bring about peace between the miners and operators.

Washington, Aug. 24—Definite reasons why the administration adheres to the belief that there will be no strike in the anthracite fields next month, were given by John Hays Hammond, chairman of the United States Coal Commission today.

Hammond said that the strike would be a veritable suicide to both miners and operators because they would suffer heavily in the event of further walkouts. He declared that public opinion would be brought to bear against a coal strike next month.

Altoona, Pa., Aug. 24—John Dropbey, president of District No. 2, United Miner Workers, which covers central Pennsylvania bituminous coal fields, said this afternoon: There is no thought by officials or men of this district of violating their agreement with the operators. This district will lend any assistance to the anthracite miners consistent with our working contract.

"The Central Pennsylvania Producers Association will be able to absorb the demands for fuel if the anthracite strike comes and can produce 500,00 tons a week.

RULER OVER ALL.—Thine, O Lord, is the greatness, and the power, and the glory, and the victory, and the majesty; for all that is in the heaven and in the earth is thine; thine is the kingdom, O Lord, and thou art exalted as head above all.—I Chronicles 29:11.

AIR TRAVEL DEVELOPMENT

The announcement officially made in the house of commons regarding the government's attitude toward the new commercial air line project, which has been so long mooted, leads to the conclusion that Great Britain's cherished dream of rapid contact with the distant parts of the empire is about to become a reality. The plans submitted must have been of a highly practical character in order to secure the adhesion and approval of the British cabinet. Private initiative and ownership are at the base of the idea, but the government will grant the handsome subsidy of 400,000 pounds at the outset, to be increased if and when a biweekly service has been successfully oprated for three months. The projected air route will extend to Egypt and India and thence to Australia and later Canada and other British dominions and possessions will be included.

The airships selected to carry on this imperial communication—communication which from its very nature and by its example bids fair to revolutionize world travel—will be dirigibles larger than any hitherto constructed, capable of developing a high rate of speed and having an exceptionally long cruising radius. Each of them will be built to accomodate from 125 to 150 persons and will be in reality a flying hotel, with sleeping cabins, a lounge, a kitchen and a dining room. The journey from London to Egypt will be speeded up four days, the trip to India a fortnight and that to Australia nearly three weeks, so that the entire Pacific dominion will be brought within ten days from the heart of the empire. It is this rapidity of transit thatis especially relied on to make the imperial airship service a commercial success.

In return for its subsidy the cabinet has stipulated with the company for certain rights and privileges, such as the conveyance of officers and men to India by air and the use of the stations en route without payment. The most significant reservation is, however, that by which, in case of war, the government is entitled to take over the whole fleet for offensive and defensive purposes against the enemy nation of nations.

We have two bumper crops in sight this year—corn and automobiles.

"A world that can lose twenty million men on the battlefield and spend two hundred billion dollars on war without learning anything, as our world did just a few years ago, and which goes backward instead of forward right at the time when it has more education, more music, more of everything else to make it better than at any other period in its history, is the most amazing thing in all history." Thus spoke Rev. J. A. Cooper at the Baptist Church in Paris Sunday morning. The only thing that could cure such a situation, he said, was religion, but in spite of the fact that all thinking men agree on this proposition, he continued, the world continued its foolish and futile efforts to solve its problems by principles other than those from which religion springs. If the Church could see this matter as Cooper sees it, and would resolutely stand for it for one year, no public man of any influence would dare to oppose the substitution of a diplomacy of Christian good will for the sort that has never led to any goal other than war. Even stranger than the spectacle of a world refusing to learn anything from such an awful experience as the world war is the spectacle of the Church failing the world in its time of need, as it has done since the war came to a close. A militant ministry, with a militant demand for religion as the rule of action in international affairs, could soon lift the clouds of suspicion, hatred and deceit which hang over two continents and avert another deluge of blood.—Paris Appeal.

THE TARIFF IS RESPONSIBLE

SENATOR PLACES BLAME FOR PRESENT FARM CONDITIONS

FARMER HAS TO PAY MORE

For Everything He Buys But the Tariff Does Not Bring More For His Products

(Special Correspondence)

Washington, Aug. 24—"Smash the Tarriff" is the slogan with which Senator Duncan U. Fletcher (Dem) of Florida, would bring relief to the wheat farmers of the country. One of the principal points Senator Fletcher makes is that as the tariff increases the prices of everything the farmer buys, it would serve the purpose of the farmers as well if the prices of the things they sell were advanced, because, after all, the farmers are more interested in the purchasing power of their products than in the prices thereof.

Senator Fletcher is also interested in a revision of the income Tax law, under which the burden of taxation, he shows by statistics, is borne by the smaller taxpayers.

Senator Fletcher consented to go into details on these subjects and gave your correspondent the following interview:

The Wheat Situation and Causes

"The real cause of the decline in the price of wheat is due to the decrease in the foreign demand and consequent reduction in exports.

"The value of domestic exports of principal food products from the United States declined by $114,291,402, during the 12 months ended June 30, 1923, as compared with the previous twelve months period. The sharpest decline came in exports of grain and preparations of grain.

"The exports of dairy products for 1922 were $36,375,097 and for 1923 they were $23,326,903, a decline of practically $13,000,000.

"The value of exports of grain and preparations of grain in 1922 was $591,299,059, while in 1923 it was $451,341,734.

"Exports of wheat in the twelve months ended with June, which compared with the crop years, were 154,000,000 bushels against 208,000,000 bushels in the corresponding period preceding. Hence the lowest price for wheat, 96 cents in Chicago, since 1913.

"The cause of the falling off in exports is the Tariff Law and its effects. The goods of foreign countries have been kept out. They have not the cash or the gold with which to pay for our surplus they would normally take.

The Tariff and Wheat

"Even if it should be argued that the effect of the Tariff is not to limit foreign markets for our surplus, the Tariff certainly does increase the price of everything the farmer buys. It would serve the purpose of the farmers as well if the prices of the things they buy were made more reasonable as if the prices of the things they sell were advanced. This would increase the price of their wheat expressed in commodities—it would increase its purchasing power, and the farmers are more interested in the purchasing power of their products than in the prices.

"The duty imposed on Canadian wheat simply shut it out of the United States and turned it to other markets where it competed with American wheat just as much as if it had been imported into this country. It did more. Since the Canadian Tariff was lower than the Tariff of the United States, the foreigner was able to buy from Canada with commodities while he had to buy from the United States with cash, if he bought at all. It is undoubtedly true that the high duties enacted by the Republicans put the farmers of this country at a disadvantage in selling as well as in buying and served to reduce the price of their products while it increased the price of the products they needed to buy.

"The conclusion is irresistible that there is one remedy for the farmers, and only one—smash the protective tariff. Every other plan merely serves to turn them from their only remedy.

"John J. Stream, President of the Chicago Board of Trade, in attacking the plan advanced by the American Farm Bureau to store 200,000,000 bushels of wheat on the farms, in the hope of raising prices, uttered some important truths when he said:

'Wheat prices are not ruinously low, but the things the farmer must buy are unreasonably high, due to the high tariff and unprecedented high wages and short hours in most industries. While the farmer must sell in the world market, he is not given the privilege of buying in the world markets because of the tariff and labor restrictions.'

"What he says about the Tariff is unquestionably true, and that is something Congress can deal with and should deal with.

Income Tax Revision

"Under the Income Tax Laws the smaller incomes are carrying most of the tax burdens.

"Statistics of 1921 show that $15,928,000,000 of the total of $19,000,000,000 were derived from persons who had taxable incomes of $5,000 or less. The poor man carries most of the income tax burdens. Of the total of nearly $20,000,000,000 of net incomes reported, only $463,003,357 were reported as coming from persons with net incomes of $100,000 or over.

"These figures show the need of revision of these Tax Laws, so as to increase taxation on larger incomes and lower the taxation on smaller incomes."

Hagins to Colorado Ranch for Long Stay

Mr. and Mrs. Newt Hagins, who have been residents of Maryville for many years, will leave the first of next week for Colorado for an indefinite stay on the ranch of Mr. and Mrs. E. T. Rasmussen of Riverton, Neb. Mrs. Rasmussen will probably spend most of the winter in Maryville with her parents, Mr. and Mrs. H. T. Crane, and Mr. Hagins will look after her interests on the ranch which she has been operating. The ranch contains 2,500 acres and is located between Denver and Colorado Springs about thirty miles south of Denver. Mr. and Mrs. Hagins have stored their household goods in Maryville and do not expect to "burn the bridges behind them."

Many Schools are Making Improvements

Nodaway County Health Officials Report that School Boards are Cooperating in Cleaning Grounds

Miss Ethel Ray and Miss Margaret Davison of the Nodaway County Health Department have been inspecting the schools in the southern and western parts of the county, preparatory to the opening of school, September 3.

They report that a number of schools are being repaired and repainted. The weeds are also being cut around several of the schools, the officials report. Some of the outbuildings are also being cleaned up in preparation for the opening of school.

It is the desire of the Nodaway County Health officials that all schools in the County be in the best possible condition for the opening of school, September 3. The weeds should be cut, the building repaired and, if possible, repainted. The supply of drinking water should be given a thorough test to see that no impurities are present. The outbuildings should also be inspected by the school officials.

If conditions around the school grounds are in the best of condition, much sickness among the boys and girls of the district may be averted.

NEWS OF PICKERING

F. M. Wallis Returns From La Feria, Tex,— Mrs. Elizabeth Berkey to Grand Rapids, Mich,. To Visit Old Home—Other Items Of interest

David Robb, assistant cashier of the Bank of Pickering is spending his vacation on a trip to Seattle, Washington and other western points of interest. He expects to be gone about two weeks.

Mr. and Mrs. Omer Strong spent last Sunday at Maysville, the guests of Mr. and Mrs. John Grimitt, former residents of this vicinity.

Mr. and Mrs. Earl Mumford went to Valley Falls, Kan., Tuesday evening being called there by the death of Mrs. Mumfords father, H. C. Towler. Mr. Towler was 79 years old and had been in poor health for some time yet his death was unexpected until a short time before the end came.

Mrs. Elizabeth Berkey left Wednesday for Grand Rapids, Mich., where she resided some forty years ago. This is her first visit to her old home since coming to Nodaway County and in all probability she will find many changes there.

Mr. and Mrs. O. J. Gray are visiting relatives at Hollensburg, Kansas this week. They expect to reach home Friday.

Geo. David and family started Wednesday for Hayti, S. D., where they will visit a sister of Mrs. David. They will also visit another of her sisters in southern Minnesota before they return home.

Mr. and Mrs. Veyne Hanna and daughter of La Harpe, Kan., are visiting Mr. Hanna's parents, Mr. and Mrs. J. H. Hanna and other relatives here this week.

Mr. and Mrs. C. E. Harvey returned last week from Aurora, Neb., where they visited Mrs. W. T. Laws, a sister of Mr. Harvey and from York, Nebraska where they visited his aunt. They were accompanied on the trip by J. H. Harvey of Maryville and Mrs. Wilkerson of Altamont, Mo., who spent a few days at the Harvey home after their return.

Mrs. Albert Harris and two children of St. Joseph are visiting her mother, Mrs. Lee Morford and other relatives here this week.

F. M. Wallis returned Thursday night from La Feria, Texas where he has spent almost a year with his brother, Dr. W. M. Wallis, formerly of Maryville. Mr. Wallis says the cool weather we are having here is a great relief after spending a summer where the thermometer has registered between 95 and 100 every day for several weeks.

Mr. and Mrs. Faye Florea made a business trip to Kansas City the first of the week, returning home Tuesday.

Mr. and Mrs. D. S. Robinson returned Tuesday from Nevada, Mo., where they visited at the home of Mr. Robinson's mother last week.

Lewis Pistole of near Mozingo Valley is tearing down his dwelling preparatory to the erection of a modern cottage on the same site.

Mr. and Mrs. Edgar Houston and two sons and Mr. and Mrs. Ray Proctor are attending the Iowa State fair at Des Moines this week.

Mr. and Mrs. Alvin Gray and son returned Wednesday evening from a visit at the home of Mr. and Mrs. Owen Holt of Near Craig, Mo.

John Mann went to St. Joseph Thursday to purchase goods for the C. G. McMillen store in which he is employed.

Mr. and Mrs. Morrison Lawson are at Grand Island, Neb., where Mr. Lawson is taking medical treatment this week. They were accompanied there by Mrs. Ora Wells and daughter, Gwendolyn of Stapleton, Neb., who have been visiting the Lawson family for the past three weeks.

Dr. and Mrs. Chas. Byerrum of Ewing, Mo., are visiting this week at the home of Mr. Byerrum's parents, Mr. and Mrs. A. S. Byerrum, near Bloomdale.

Mr. and Mrs. Irven Loch and Mr. Ed McKee started Friday morning to Rochester, Minn., where Mr. Loch and Mr. McKee are going for a medical examination at the Mayo Hospital.

S. E. Yager of Rochester, Minn., is visiting friends and relatives here this week. He expects to return home the last of the week. He will be accompanied home by Mrs. Yager and son, Alva who have been visiting her the past ten days.

Methodist Church

Everyone at church Sunday morning was delighted with the male quartette. Raymond Houston, John Hood, Forrest Smith and Donis Hood sang The Old Wayside Cross in a very pleasing manner. We are sure of our boys and hope they may sing for us again soon.

The Fourth Quarterly Conference will be held at the church Monday, Aug. 27 at 2 p. m. instead of 3 p. m. as previously announced. Dr. Burris will be with us and we hope to get the business of the church shaped up for the annual conference which meets two weeks later.

At the annual election of the Wesleyan Society Thursday afternoon Mrs. J. W. Wiley was reelected president with Mrs. Lou Loch, Miss Hallie Scott and Mrs. Anna Loch as Vice-Presidents. Mrs. Jos Carmichael was elected Sec.-Treas., Mrs. Saida Ingels, Cor. Sec. and Mrs. J. N. Geyer, Pianist.

The Wesleyan Society has done fine work, having made $247.86 in the eight months since Jan. 1st.

The new kitchen is paid for and they are beginning work on a fund toward a new basement under the church. Plans are on foot for a bazaar and market to be held some time this fall. These women are live wires. Come on men, let's help. We cannot do modern Sunday School and social work without more room.

The pastor will preach at Pickering Sunday morning and at Myrtle Tree at 8 p. m. Don't forget that Brother Knouse preaches the closing sermon for the series of union out door services Sunday evening.

Christian Church

After a weeks absence because of being on the Boy Scout camp near Ravenwood, we wish to say, "Howdy" to all our readers. We had quite a camp with the boys and enjoyed every minute of the time with them.

Our attendance last Sunday kept our average above what it had been for some time. We sure are very happy to think that we have not suffered any summer slump here. It makes us feel that we are going into the fall work ready to reap a great harvest and accomplish much for the church and Christ in Nodaway county. It gives us hope of better and bigger things in the future. It means that we are willing to put our shoulder to the wheel and push the load along at a speed that will pass the devil up on the high hill of Progress. Are you pushing or are you riding and making the load heavier? You know which and you also know which you should be doing. Get off and push and help get the load to the top of the hill.

W. B. Porter's class will have charge of the opening exercises at Sunday school next Sunday. Everybody invited to be there and hear their efforts to give up something worth while.

As has already been announced the Home Coming service will be held next Sunday, August 26th. Sunday school will start at 10:30 instead of 10 o'clock that day. This will give everyone a chance to be at Sunday school that day and swell our crowd to the 300 mark. Some will say that that mark is entirely too high but we do not think that. We know that it is not too high every one will get in and work to make the goal. Are you trying to win the day for the Sunday school? Are you interested enough to make a special effort to be there that day? If not, why not? As was announced for the other day we had announced to have our Home Coming services, the class that has the largest increase in percentage of attendance over the attendance of July 22 will receive a banner as a reward for the efforts. Go after it now classes and lets make it a lively day. We can if we will. We are still offering a prize to the person who gets the most people there, and way to get them there. Use your autos for that day. Show to the world and some cranks that the cars can be used for the church. The getting of 300 people to the Sunday school that day will mean a lot of effort will have to be expended by those who are faithful. If you have a trip planned for that day or have promised to make a visit, put it off, change the date and then come to Sunday school and church that day. It will mean more to the church and you will enjoy the novelty of church going. Do not be slackers. Make it possible to have your class win that banner. Lets set a record for attendance at Sunday school in this place.

Bro. Taggart will deliver the afternoon sermon. He will have a worth while message for us, to be sure. He never comes up without something worth while. Hear him.

The pastor is very happy over the fact that the church board voted to send him to convention at Colorado Springs, with all expenses paid. He is very grateful for the opportunity and promises to bring back a great amount of inspiration and information to the church. With his family, he intends to start about next Monday and take their time in going through in order to combine this with a pleasure and sight seeing trip.

A System of Farming That Brings Health and Prosperity

Every farm, regardless of the method of farming practiced or of the crops raised, should have at least a few good milch cows to provide

(1) Enough milk, cream and butter for home use;
(2) Enough skim-milk to raise some calves, pigs and chickens;
(3) Enough cream or butter to sell to pay, in part or entirely, current living expenses.

This plan has been a "life-saver" for thousands of farmers, especially during the hard times of the past two years. It insures a living, at least, and often other income besides.

Such a plan pays best with a De Laval Cream Separator. It soon pays for itself—and skims cleaner, lasts longer and is easier to operate and clean than any other.

Good Crowds Hearing the Rev Mr. Cooper

The following is from the Paris, Mo., appeal about the Rev. J. A. Cooper, pastor of the [illegible]st Church of this city:

Rev. J. A. Cooper of Maryville is being greeted by good crowds at the Baptist Church in Paris this week. He is giving his hearers something to think about and so interpreting the Scripture that a very fine conception of the necessity for getting into right relations with God can be had. Real religion, he says, consists of living in Paris, Missouri, or any other community, as though God the Father were living there, too. In every sermon Cooper insists that the only cure for individual, community, national and international ills is religion as it was taught and exemplified by Jesus Christ. Paris people who are neglecting these sermons are missing a message of vital importance. Incidentally, no abler sermons have ever been heard in this town.

Firm, Plump Flesh!

MANY are the eyes that are turned to gaze with keen admiration on the well developed, healthy girl no matter where she may be—on the rapidly moving thoroughfare or gliding gracefully over the dance floor.

All eyes turn because we all appreciate the girl with the figure so firm and plump—the girl with radiantly red cheeks, cheeks that carry a touch of roses from nature's own garden——the girl with the sparkling eyes, keen and sharp—the girl with buoyancy and the swing of youth.

Not necessarily an out-of-doors girl. Just a girl with ever increasing blood cells. Just a girl filled with the vim and vigor of youth.

S. S. S., since 1826, has stood for increased blood cells. S. S. S. means restored strength—rekindled vitality—added energy. Take S. S. S. and watch the bloom of youth return to your cheeks. Watch that flabby, ill nourished flesh fade away before flesh that is firm and plump. Red blood cells will do it and S. S. S. will build them. It contains only pure vegetable ingredients. S. S. S. is sold at all good drug stores. The large size bottle is more economical.

LITTLE GIRL WILL BE KEPT IN ST. JOSEPH

Mary Alice Whited, 13 years old, who says she was whipped at the home of Mr. and Mrs. John Henggler, living near Conception, will be kept for the present at the detention home of Buchanan County in St. Joseph. She was taken to St. Joseph yesterday by Sheriff and Mrs. Roach and Dr. Curl, prosecuting attorney. The superintendent of the detention home said the little girl had been a good charge at that institution while the probation officer of Buchanan County said the little girl had ran off twice before and was sometimes hard to control. It was understood that the probation officer was considering sending the girl to the Industrial School for Girls at Chillicothe.

No charges have been filed by Dr. Curl against the Hengglers on account of the fact of finding out if the little girl will be returned here to be used as a witness.

THREE MEN DIE WHEN OVERCOME BY FUMES

Butler, Okla., Aug. 24—Three men met death in a well here today when they were overcome by gas.

Paul Jones, who was employed to repair the well, was rendered unconscious when he reached the bottom. Otto Klein and Thomas Scott volunteered to rescue Jones but both died in the attempt. The bodies later were recovered by the use of grappling hooks.

Paving Oordinances to be Taken up Tonight

Final Action Will Be Taken at Meeting of City Council Tonight—Will Let Water Main Contract

The City Council will meet tonight tonight to take up for final passage the two paving ordinances, providing for paving on West Third street and Grand avenue. These ordinances were discussed at a meeting of the Council last week, but the law requires that they lay over for seven days before they can be finally passed.

The ordinances, if passed, will be published and the Council will then advertise for bids on the proposed work.

The contract for the letting of additional water mains on West Third street will be let at the meeting tonight.

Visiting At Perrin Hall

Dr. and Mrs. D. R. MacLeod and children, Vera, Sherburne and Betty Alice, and Miss Blanche Woodward, all of Tyrone, Okla., are visiting Mrs. MacLeod's mother, Mrs. Alice R. Perrin at Perrin Hall. Dr. MacLeod arrived here last night and the rest of the party came Wednesday morning by automobile. Mrs. Perrin and granddaughter, Jean MacLeod, returned home last night from a three weeks' visit in St. Paul, Minn., with Mrs. Perrin's son, Lona Perrin, and family. Miss Vera MacLeod and Miss Woodward will enter the State Teachers College this fall.

Wise Cracks

Mrs. Smith Dies in St Joseph Hospital

Mrs. Edgar Smith, sister of Clyde Perkins of Barnard, died at 12 o'clock last night at the Ensworth Hospital in St. Joseph following an operation on Wednesday for a tumor and appendicitis. She had been ill for some time and was taken to the hospital on Tuesday evening. The body was brought to the Smith home west of Bolckow this morning and funeral arrangements will not be completed until word is received from relatives at a distance. The service will probably be held at 2 o'clock Sunday afternoon at the Methodist Church in Barnard. Burial will be in the Masonic cemetery. Besides her brother, Mrs. Smith is survived by her husband and one daughter, Florine, at home and her step-father and mother, Mr. and Mrs. A. W. Jobe. She was born near Barnard February 1, 1887, and had lived in that vicinity all her life.

ASKS IMMEDIATE REPORT ON FLOGGING PROBE

Oklahoma City, Aug. 24—Governor Walton today wrote to C. W. Smith, Kingfishers County attorney, and ordered an immediate report on the result of an investigation ordered by the state into the alleged whipping, several weeks ago, of George Elder of Kingfisher, by a masked band.

"I believe that the men responsible can be apprehended and I intend to see it done," Walton declared.

The governor did not state whether or not he intended to place Kingfisher under martial law, if his demands were not completed with. He declared that he was not against the Ku Klux Klan and would direct no further action against any other organization. I do not intend, however, to grant immunity to any of the three Klan members from testifying."
